Dear Professor,

We hope you are doing well. We are writing to update you on the preparations for KLH Bachupally's annual tech-fest, **Viwentiaa 2026**, as members of the organizing committee.

So far, we have completed the initial planning, finalized the event schedule, distributed responsibilities among team members, and started promoting the fest among students. We have also discussed the technical competitions and other activities planned for the event.

The remaining tasks include completing participant registrations, arranging the required equipment and venues, confirming the final event schedule, coordinating with volunteers, and making the necessary arrangements to ensure the smooth conduct of the fest.

As a team, we are working together to complete all the pending tasks before the event. We kindly request you to review our progress and share any suggestions or additional instructions that could help us organize the fest successfully.

Thank you for your valuable guidance and continued support.

Best regards,
Organizing Committee Members
